TPR – Impact Protection

DATA SHEET

TREADSTONE
SAFETY

Product Description

A seamless 15-gauge soft polyester liner, double dipped with fully coated smooth and foam nitrile palm coating. Featuring our unique TPR-I impact system for enhanced protection against impact and crushing injuries. Thumb crotch for added security. Strong, flexible and dextrous glove, ideal for general low risk handling, offering enhanced protection and grip in oil and grease contaminated environments. Cut level I.

Key Features

Comfortable glove with excellent dexterity. Good grip and enhanced protection in oil and grease contaminated environments. Unique TPR-I impact protection system. Thumb crotch. Cut level I.

Applications

Ideal multi-purpose glove used in wet or oily conditions, contaminated parts handling and concreting. Typically used across a range of industries, such as offshore, oil and gas, automotive, engineering, construction, agriculture, manufacturing and more.

About Treadstone

Who are we?

Treadstone Products is the European face of one of China's finest glove manufacturers - Jiangsu CLS Technology. Our glove portfolio is produced almost entirely in our own exceptional, modern yarn and coating facilities, alongside our superb research centre. Our current capacity is in excess of 1.2 billion pairs of gloves per annum. Our products are all made to the highest quality, meeting the latest EN and ANSI Standards. Our factory has ISO 9001 quality management, ISO 14001 Environmental Management, SA8000 Social Accountability and C-TPAT Management certificated systems in place.

Treadstone represents a new and dynamic, modern range of high quality safety products for discerning glove users and safety conscious employers across Europe. We're building a name and a brand that will be a beacon of trust, with a service and support system to match.

Safety, without compromise.
