Multi-Purpose 

DATA SHEET

TREADSTONE
SAFETY

Product Description

Jersey cotton glove, fully coated with blue two-dip lightweight nitrile, and knitted wrist. Offering good abrasion resistance, durability, touch sensitivity and dexterity. Ideal for light duty handling and a great alternative to uncoated cotton, light leather or PVC coated gloves. Meets EN 388:2016. Cut level I.

Key Features

Lightweight, but tough and durable. Abrasion resistant blue lightweight nitrile coating with knitted wrist and comfortable jersey cotton interlock liner.

Applications

Used as a lightweight general handling glove with enhanced resistance to minor cuts, snags, punctures, oil and grease. Final assembly work, inspection, handling small parts. Councils, transport, shipping, forestry, agriculture, construction, maintenance, highways and more.

About Treadstone

Who are we?

Treadstone Products is the European face of one of China's finest glove manufacturers - Jiangsu CLS Technology. Our glove portfolio is produced almost entirely in our own exceptional, modern yarn and coating facilities, alongside our superb research centre. Our current capacity is in excess of 1.2 billion pairs of gloves per annum. Our products are all made to the highest quality, meeting the latest EN and ANSI standards. Our factory has ISO 9001 quality management, ISO 14001 environmental management, SA8000 social accountability and C-TPAT management certificated systems in place.

Treadstone represents a new and dynamic, modern range of high quality safety products for discerning glove users and safety conscious employers across Europe. We're building a name and a brand that will be a beacon of trust, with a service and support system to match. *Safety, without compromise.*
