SAFETY

Product Description

Premium quality goatskin leather driver's gloves, with keystone thumb and back elastication. This glove has a much softer feel than the cow grain driver's gloves. Ideal for low risk general handling applications. Cut level I. Good mechanical strength, durability, comfort and dexterity, with a softer feel.

Key Features

A tough and durable multi-purpose glove. Unlined super soft goatskin leather, keystone thumb, elasticated cuff. Meets EN 388:2016

Applications

Ideal for a multitude of general dry and light duty handling applications. Typically found in use for low risk applications in agriculture, horticulture, construction, yard work, packaging, and transportation etc.

About Treadstone

Who are we?

Treadstone Products is the European face of one of China's finest glove manufacturers - Jiangsu CLS Technology. Our glove portfolio is produced almost entirely in our own exceptional, modern yarn and coating facilities, alongside our superb research centre. Our current capacity is in excess of 1.2 billion pairs of gloves per annum. Our products are all made to the highest quality, meeting the latest EN and ANSI Standards. Our factory has ISO 9001 quality management, ISO 14001 Environmental Management, SA8000 Social Accountability and C-TPAT Management certificated systems in place.

Treadstone represents a new and dynamic, modern range of high quality safety products for discerning glove users and safety conscious employers across Europe. We're building a name and a brand that will be a beacon of trust, with a service and support system to match.

Safety, without compromise.
