## TREADSTONE

SAFETY

### Product Description

Seamless 13-gauge high-visibility yellow thermal polyester chenille, with latex foam crinkle finish. The glove offers exceptional comfort and grip in lighter duty, cooler handling environments. Remains flexible, even down to -20°C. Cut level I.

### Key Features

Incredibly dextrous, soft and snug fitting. Latex foam crinkle palm coating, offers superb grip wet and dry, with super soft brushed polyester chenille thermal properties.

### Applications

This is a glove with varied uses. It has a thermal cold handling rating, so is ideal for low risk cold handling, picking operations, cold rooms, fridge work, packaging, warehousing, construction, logistics, and much more. It is equally at home as a general purpose glove in normal temperatures.

### Product Information

Materials:  
Coating – Latex foam crinkle  
Liner – Soft yellow polyester chenille  
Wrist – Elasticated  
Cuff Binding – Polyester  
Size- Treadstone colour coded  
Spectrum-iD – N/A

### About Treadstone

Who are we?

Treadstone Products is the European face of one of China's finest glove manufacturers - Jiangsu CLS Technology. Our glove portfolio is produced almost entirely in our own exceptional, modern yarn and coating facilities, alongside our superb research centre. Our current capacity is in excess of 1.2 billion pairs of gloves per annum. Our products are all made to the highest quality, meeting the latest EN and ANSI Standards. Our factory has ISO 9001 quality management, ISO 14001 Environmental Management, SA8000 Social Accountability and C-TPAT Management certificated systems in place.

Treadstone represents a new and dynamic, modern range of high quality safety products for discerning glove users and safety conscious employers across Europe. We're building a name and a brand that will be a beacon of trust, with a service and support system to match. *Safety, without compromise.*
