Thermal protection - Cold

TREADSTONE

SAFETY

Product Description

Strong, flexible and dextrous thermal lined glove, ideal for low risk cold handling, offering enhanced protection and warmth in oil and grease contaminated environments. Seamless 15-gauge soft polyester with additional thermal lining, double dipped with fully coated smooth and foam nitrile palm coating. Thumb crotch for added security. Liquid repellent. Cut level I. Cut level I.

Key Features

Comfortable thermal lining, excellent dexterity, good grip, warmth and enhanced protection in oil and grease contaminated environments. Thumb crotch. Cut level I. Spectrum-iD colour coded.

Applications

Ideal multi-purpose glove for those cold general handling applications. Can be used for work in cold rooms, logistics, construction, shipping, utilities, oil and gas. Maintains an incredible softness, comfort and dexterity with excellent grip in harsh conditions.

About Treadstone

Who are we?

Treadstone Products is the European face of one of China's finest glove manufacturers - Jiangsu CLS Technology. Our glove portfolio is produced almost entirely in our own exceptional, modern yarn and coating facilities, alongside our superb research centre. Our current capacity is in excess of 1.2 billion pairs of gloves per annum. Our products are all made to the highest quality, meeting the latest EN and ANSI Standards. Our factory has ISO 9001 quality management, ISO 14001 Environmental Management, SA8000 Social Accountability and C-TPAT Management certified systems in place.

Treadstone represents a new and dynamic, modern range of high quality safety products for discerning glove users and safety conscious employers across Europe. We're building a name and a brand that will be a beacon of trust, with a service and support system to match.

Safety, without compromise.
